THE SENATE SHOULD PASS
VOTING RIGHTS LEGISLATION

(Ms. UNDERWOOD asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. UNDERWOOD. Mr. Speaker, I rise to urge the Senate to protect our fundamental right to vote.

Communities of color are disproportionately targeted by the wave of voter suppression laws we have seen across America. These attacks are just the latest battle in the centuries-long, racially fueled war on voting rights in our country.

But the right to vote is foundational to our democracy. Without it, we would cease to be a government of, by, and for the people.

This is a life-and-death issue for America itself. The late Congressman John Lewis wrote that "Democracy is not a state. It is an act."

I urge my colleagues in the Senate to act, to prioritize democracy and ensure access to the ballot box is not undermined. I urge them to send voting rights legislation to President Biden's desk to be signed into law.

CELEBRATING NATIONAL
PHARMACISTS DAY

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today in honor of a very important day we are celebrating today, National Pharmacists Day.

Today we take time to recognize and appreciate all of our communities' pharmacists and everything that they do for their patients.

During the pandemic, pharmacists joined with the frontline workers to help alleviate the pandemic by distributing lifesaving medicines to their patients.

Pharmacists are an integral part of each and every community. They keep people safe and healthy.

As a pharmacist, I am proud to take time today to recognize and honor my colleagues nationwide. In a world where our frontline workers are heroes, we must not forget those who bond with their patients and ensure lifesaving and correct dosages are being distributed properly.

I am proud of my time spent as a pharmacist, and I am very grateful for my colleagues and what they do to better their communities.

Take time today to thank your local pharmacist and appreciate all that they do. Thank you all for your service to our towns, our cities, and our States.

MOVING THE ECONOMY FORWARD

(Mr. SCHNEIDER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHNEIDER. Mr. Speaker, I rise to reflect on the remarkable progress of our Nation's economy over the previous 12 months in what I suspect history will label the Biden boom.

The progress achieved in 2021, helped along by the American Rescue Plan, is unmatched in American history. Our economy is growing at its fastest rate in 40 years. The Nation added 6.4 million new jobs, and unemployment is now at 3.9 percent, representing the sharpest ever 1-year decline.

J.P. Morgan CEO Jamie Dimon recently said: "The consumer balance sheet has never been in better shape," predicting continued extraordinary growth.

A Bloomberg analysis found that President Biden's first year is ranked either first or second among Presidents for, among other things, GDP growth, S&P 500 performance, nonfarm payrolls, manufacturing jobs, and business productivity.

I recognize we still have real challenges, including worker shortages, supply chain disruptions, and inflation. But working together, Congress and President Biden are positioned to move our economy forward and get us through this pandemic stronger than when we went in.

Whether Republican, Democrat, Independent, or anything else, every American should be celebrating the resilience of the American spirit.

HONORING THE LIFE OF LOU
GALLIKER

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to honor the life of Lou Galliker, the longtime president of Galliker Dairy Company, who passed away in December surrounded by his family. He was 87 years old.

The Galliker Dairy Company is a third-generation, family-owned, regional dairy company headquartered in Johnstown, Pennsylvania, since 1914. Lou was chairman and president for more than half a century. He turned his family's dairy business into one of the largest enterprises in the Commonwealth of Pennsylvania and the mid-Atlantic region.

Galliker Dairy distributes ice cream, milk, iced tea, and other beverages throughout several States.

Mr. Speaker, Lou was a giant of the dairy world who served as a board

member of the International Association of Ice Cream Manufacturers and as a president of the Quality Chekd independent dairy processors cooperative.

He was equally devoted to the Johnstown community, which he served in various capacities over the years. As president of the Chamber of Commerce and the greater Johnstown Jaycees and a board member of several other organizations, Lou was always committed to the region's success.

Lou Galliker was an incredible force for good in the Johnstown region, and he leaves a legacy that will be remembered for years to come. My prayers are with his family.

HONORING DR. MARTIN LUTHER KING, JR.

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, I rise today to honor and celebrate Dr. Martin Luther King, Jr.

It is often said that his were the words of a giant who could galvanize all of America around the wonderful concept of the "beloved community."

Dr. King was assassinated in 1968, and so many have come from his spirit, but I thought this year, in the midst of the very divisive fight for voting rights, we could just remember his marches, his words, believing in a dream, and recognizing the goodness of America.

He marched across the Edmund Pettus Bridge. He walked with our friend John Robert Lewis and his other friends Hosea Williams, Reverend Andrew Young, and Ralph David Aber-

nathy. And he always thought that he could never give up, as he went to the White House with Lyndon Baines Johnson and insisted on the 1964 Civil Rights Act and the 1965 Voting Rights Act.

We must honor him in these coming days not by words and tributes but by doing the right thing, building on the democracy that he so much dreamed for, even though his life was cut short, and to thank his family—Martin Luther King III and all of his children and his wife—for the sacrifice they made for America. I pay tribute to Dr. Martin Luther King, Jr.

ENERGY PRICES AT ALL-TIME HIGHS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, many areas in northern California and across my district have seen record snowfall due to recent winter storms. That is good in a lot of ways, but we have seen that tens of thousands of residents have been without power for several weeks in freezing temperatures, and our Governor has banned the use of gas-powered generators as a heat and electricity source.

Meanwhile, those who do still have power face all-time high energy costs as they try to heat their homes, thanks to President Biden's anti-domestic energy policies.

On President Biden's first day of office, he canceled the Keystone pipeline, effectively killing 11,000 American en-

ergy jobs and stopping new exploration for oil, which has driven up energy prices and increased our dependence on foreign oil from China, Russia, and the Middle East.

The cost of having our homes heated has increased 30 percent since last winter, and more than one in four Americans reported they were forced to forgo other basic expenses to pay their energy bill in this last year.

Under the climate agenda President Biden has, gas prices are up nearly 60 percent. The cost of propane, kerosene, firewood, and energy are all up over 30 percent from this time last year.

We must reverse these damaging and unnecessary policies and reduce our reliance on foreign oil before more harm can be done to the American people and our economy.
